

CHRISTOPHER COOPER

Video Producer · Content Creator · Web Developer

opherphilms@gmail.com · (863) 414-5996 · Orlando, FL · christophercooper.netlify.app

Multimedia producer and recent UCF graduate who turns ideas into things people actually want to watch. I grew a TikTok channel to 156K+ followers and 26M+ views, pitched and delivered a 10-video national brand partnership, and build everything from long-form video to full-stack web apps. Just as happy directing a shoot as I am cutting in Premiere, mixing in a DAW, or writing the code behind a live site. Looking for a creative role where I can help bring ideas to life in any and every way I know how!
